

Rally Against Illegal Immigration

Join us on Saturday, November 14th in Downtown Indy from 1pm-3pm!

Petition Against Illegal Immigration

Hop onto our website and fill out our petition. We'll deliver your message to your state representative and your state senator and inform you about additional ways that you can make your voice heard.

Help Spread the Word

When you take on the global corporations, the special interest groups, and the maze of "charities" funded by Madoff-style scam artists, money can be difficult to come by. That's why we rely on volunteers and supporters to spread awareness of our events by word of mouth and delivering flyers door-to-door.

Either photocopy this page you're reading or go to the link below to download and print this flyer on your printer at home. Share them with your neighbors, leave them in the break room, or staple a few to the bulletin board. The more people we can get to the event, the more media coverage and political influence we'll get.

Rally Against Illegal Immigration

The Hoosier Nation is hosting a political protest against our government's outrageous refusal to secure our borders, punish employers who exploit illegal immigrants, and protect our neighborhoods from violent criminals. Join us at the American Legion Mall in Indianapolis to let our representatives know that we want enforcement NOW.

Saturday, Nov. 14th, 1pm-3pm

About Hoosier Nation

Hoosier Nation is Indiana's chapter of the nationwide Council of Conservative Citizens. We're the state's most active traditional conservative group and the Council of Conservative Citizens is the nation's largest.

We take a stand on the issues that our elected officials prefer to forget about when they go to the big city. We stand for American heritage, tradition, and culture. We fight for Hoosier jobs when other "conservative" groups stutter about diversity, free trade, and other euphemisms for treason.

We take a stand in defense of marriage. We fight to bring the jobs home. We work to roll back the Affirmative Action and race quota laws that force us to the back of the line for jobs and educational opportunities. We don't work for some ideology or interest group. We work for you.

Visit our website, send us an email, or give us a phone call if you have any questions, would like to learn more about us, or want to join us. Take the time to review our Statement of Principles on the site for a full description of what we stand for.
